Dear Sir/Madam

**CLASSIFICATION OF TOBACCO AT CONTRACT SALES**

The Tobacco Industry & Marketing Board (TIMB) will assume the classification function at contract tobacco sales. This is a gradual process that will see TIMB Classifiers carrying out classification at selected contract sales during the 2016 marketing season.

This has been necessitated by the need to have a uniform classification system across all selling points. Changes to this new arrangement that may arise during the marketing season will be communicated accordingly.

Yours Sincerely

MEANWELL GUDU
